MFLAW SOCIETÀ TRA AVVOCATI PER AZIONI

In 2001, Attorneys Andrea Fioretti and Massimo Mannocchi, both specialists in banking law and institutional creditor assistance, decided to join forces, giving rise to a law firm characterized by professionalism, efficiency, and innovation.

Twenty years later, **the transformation into a Società tra Avvocati per Azioni – which took place in autumn 2022 – was an important strategic choice for MFLaw, aimed at confirming the firm's desire to serve the Banking & Finance market with even greater quality, efficiency, transparency, and organization.** This has always been the firm's core business, and it also represents a strong commitment to expanding into new practice areas.

“This transformation has allowed us to strengthen MFLaw's structure and organization, building on two decades of consistent growth. It also enables us to welcome new lawyer partners who share our vision and are committed to investing in our firm's future”

Massimo Mannocchi – President & Founder

The firm's **strong foundation and visionary governance** have facilitated the entry of **iQera Group** as a capital partner in MFLaw. The partnership has been further strengthened by the participation of **seven new lawyer partners**, joining the firm's existing partners

“The entry of new partners into MFLaw has been a significant recognition of the choices we have made and allows the firm to continue its evolutionary path in the years to come. This transformation has enabled an innovative and strategic approach to the market, meeting the interests of our capital partner who fully shares our founding values and our vision for the future of the legal profession.”

Andrea Fioretti – Managing Partner & Founder
